

ACS South Plains Section Meeting Minutes for Wednesday August 30, 2023. 6:00 pm. Goodline Beer Co.

In attendance:

Paul Shuey

John Gorden

Matt Ryan

Amy Tackitt

Nancy Schunke

We decided at the meeting this evening starting to share ideas via email for the upcoming “Chemistry Tailgate” event (Since chemists love abbreviations, I will refer to it as CT from now on).

We decided that the best date for CT would be Saturday, Oct. 14 (Kansas State game). John is investigating the issues around setting up the event on the East side of the chemistry bldg. and obtaining tables and chairs from the chemistry bldg.

Initial ideas: setting up some tents, tables and chairs; catered food for workers, chemistry demonstrations, flyers to advertise, hands on activity area, invite/involve undergrads, graduate students, high school students, high school teachers

Amy will be hosting a Zoom Meeting on Tuesday, September 12 to discuss the progress and plans for CT.
